

# STRAIGHT UP SCOOP

FALL 2015

Welcome back to another exciting year here at Straight Up! Now that the school year is well underway, I thought it would be a good time to get you all back into the Scoop! As many of you may know, for the first time ever at CBC, our middle schoolers now have a place to call their own! Just a couple weeks ago, we opened the doors of our new middle school room directly across the street from the church on Domingo Avenue. Be sure to read more about our new space on the backside of this Scoop!

Our teaching this Fall has challenged students to dive deeper into what Straight Up has to offer and take ownership of their faith. Currently, our series is titled “**Uncommon**” as we seek ways to be an uncommon community of uncommon people! There wasn’t anyone more **uncommon** than **Jesus** and we want to follow in His footsteps as we live out a contagious relationship with Him!

# CHECK OUT OUR NEW ROOM

On October 7th, Straight Up hosted over 60 students, parents, and siblings at the Open House of our new middle school room here at CBC! It was an incredible night as both students and parents came together to worship and pray over our new building. If you didn't get a chance to attend, please feel free to pop in before, during, or after any Straight Up service and check out the new room. It truly is an awesome gift for all of us at Straight Up! Finally, a huge thank you goes out to everyone who poured hours of hard work and resources into the completion of our new home, because of you, we now have a place to further reach middle schoolers with the Gospel of Christ!

Finally, be sure to check out the **all-new and redesigned** [StraightUpMinistry.com](http://StraightUpMinistry.com) for more information about everything going on at Straight Up, including more photos and videos! You can also use our website to **register** your students for the All Nighter and Big Sur Camping Trip, along with any other events, trips, and activities we have coming up.
